GIFT's programme stood out as the most impactful that I have attended to date. Their openness in sharing resources, discussing ideas, thorough preparation, and immaculate execution are world-class.

SAHARA BINTI SAI'EN JABATAN KERJA RAYA, SABAH

It was really an eye-opening programme that gathered like-minded individuals from both the private and public sectors. I have never attended such a programme that not only improved my leadership skills but global awareness.

ALUMNI TESTIMONIALS

Unlike any other leadership programme I've taken part in as it provided young Malaysian leaders an opportunity to bring out and learn key elements of leadership through their novel experiential learning method.

PRABU MURUGIAH BASF MALAYSIA

The open environment provided a safe space for all participants to express their views. I enjoyed the emphasis on the need to be widely read and well informed of Malaysia's place in the wider global context, knowledge that any leader should possess.
